

ANIMAL/PLANT HEALTH

JOINT CRIMINAL-EPIDEMIOLOGICAL INVESTIGATIONS COURSE

August 8-9, 2018

8:00 am – 5:15 pm

Washington State University Spokane Campus

412 E. Spokane Falls Blvd

Spokane, WA

About the Training – Training Objectives:

- Understand law enforcement, animal health, & plant health roles, responsibilities, and authorities during an outbreak of an unusual and/or high consequence animal or plant disease
 - Law enforcement threat assessments, intelligence, and investigations;
 - Animal/plant health epidemiological, veterinary, and plant investigations to include detecting and reporting suspicious or unusual outbreaks.
- Identify assets and capabilities for each discipline.
- Demonstrate types of information collected by law enforcement and animal/plant health experts and how and when to share it with each discipline.
- Discuss best practices for conducting a joint threat assessment, joint investigations, joint interviews, and evidence collection.
- Develop inter-professional relationships between law enforcement and animal/plant health experts.

Training Cost: FREE

Parking Cost: \$4.00
