

Eric T. Lofgren

Research Interests

Computational and mathematical modeling of infectious diseases, with a focus on hospital epidemiology as well as emerging, enteric, and respiratory pathogens.

Education

**Virginia Tech, Virginia Bioinformatics Institute, Blacksburg, Virginia
Network Dynamics and Simulation Science Laboratory**

Postdoctoral Associate: September 2013 to December 2015

Supervisor: Dr. Stephen Eubank

University of North Carolina at Chapel Hill, UNC Gillings School of Global Public Health, Chapel Hill, North Carolina

Department of Epidemiology

PhD: May 2013 Advisor: Dr. David Weber

MSPH: December 2009 Advisor: Dr. Jennifer Smith

Tufts University, Medford, Massachusetts

BA: January 2007

Major: Biology with Highest Thesis Honors

Professional Appointments

Assistant Professor, Washington State University, Paul G. Allen School for Global Animal Health. December 2015 to present.

Postdoctoral Research, Virginia Tech, Virginia Bioinformatics Institute, Network Dynamics and Simulation Science Lab. September 2013 to December 2015.

Research Assistant, UNC Gillings School of Global Public Health, Department of Epidemiology. January 2009 to May 2009 and August 2011 to May 2013.

Teaching Assistant, UNC Gillings School of Global Public Health, Department of Epidemiology. August to December 2008, August to May 2010.

Summer Lab Manager, Rutgers University, Center for Discrete Mathematics and Theoretical Computer Science. Fefferman Lab. May 2008 to August 2013.

University Merit Assistantship, UNC Gillings School of Global Public Health, Department of Epidemiology. August 2007 to May 2008.

Research Assistant, Tufts University, Initiative for the Modeling and Forecasting of Infectious Disease. August 2005 to July 2007.

Teaching Experience

Session Organizer, “A gentle introduction to mathematical modeling: Lessons from the living-dead”, American Public Health Association Annual Meeting Learning Institute. November 2011, 2012 and 2014.

Teaching Assistant, UNC Gillings School of Global Public Health, Department of Epidemiology. 2008 – 2010

- EPID 722: Epidemiologic Analysis of Time-to-Event Data
- EPID 750: Fundamentals of Public Health Surveillance
